

BUYER-SPECIFIC QUOTE · BLANK COVER TEMPLATE

What is in this quote and how to read it

Use this cover with the completed quote for your firm and revenue path. The schedule carries the actual scope, fee, dates, participation and terms. This preview is a blank cover, not an issued quote.

A draft price placeholder is intentionally blank; this is not a quote.

Check these first

- The named path and its start and end points match what we agreed
- Your sponsor, qualified reviewer and evidence owners are the right people
- The time asked of each role is realistic for the dates shown
- The decision review date works for the people who decide
- The fee, tax treatment and payment date are clear
- The service guarantee and base terms are attached as the versions named

What signing does and does not do

Signing confirms scope, fee and terms. It does not start the work, give us access to any client material, or commit you to an installation. Work starts after payment is received and owners and evidence route are confirmed together.

- 14-day full-refund window after complete delivery and decision review; you keep the Blueprint
- Any installation is a new, separate quote

Three honest answers

Proceed on these terms, set your own date to review it, or decline. We will not chase between those.

Template cover · no fee is stated on this page; the issued schedule carries the figures · full guarantee: full written guarantee
